10. DO NOT CHANGE THE FORMAT ON ANY PAGE IN ANY WAY FOR ANY REASON!
11. Only fillable books will be accepted. **No handwritten** Record Books will be Accepted.
12. Record books must be completed by exhibitor.
13. It is very important that every section of this record book be completed accurately.
14. If a section is not complete, the record book will be disqualified.

Purpose:

The purpose of a breeding animal project is to achieve the following:

1. To acquire an understanding of animal production by preparing for, purchasing, caring for, and keeping records on one or more animal.
2. To be able to identify the types and grades of animals and employ efficient methods of marketing.
3. To understand the business aspects and economics of purchasing animals, feeds, facilities, and equipment for an animal project.
4. To develop integrity, sportsmanship, and cooperation.
5. To develop leadership abilities, build character, and assume citizenship responsibilities.

Youth Animal Project Agreement:

I, the student, am responsible for caring for the animal, which will include feeding, deworming, providing fresh clean water, providing a pen, washing, grooming, exhibiting and showing. I will use this project as an educational tool to learn skills needed in the livestock industry. This project will also help serve to accept success and failure as a learning experience. I will keep accurate records on the animal.

Exhibitor's Name: _____ Date: _____

I, the parent/guardian, is responsible for providing financial help if needed, along with assistance and encouragement while the student is raising the animal. I accept these responsibilities.

Parent/Guardian's Signature: _____ Date: _____

The FFA Advisor or 4-H Leader is responsible for visiting the student and the animal to give assistance and advice when needed. I accept these responsibilities.

Advisor's Signature: _____ Date: _____

Project Inventory:

List all equipment and assets you had at the beginning of the project. After listing existing inventory, you should also list those items you purchased this year that you will keep after the project is finished. Inventory examples include clippers, blowers, chutes, tack, etc. Do not list items such as shampoo, etc.

Project Terms and Explanations:

1. Project Year - Based on a calendar year. Current project year is the same as current Fair.
2. Date acquired - List the date you obtained this item, on items older than one year, the year will be sufficient.
3. Purchase cost or value - What did this item cost when you obtained it?
4. Value at beginning of project - Same as purchase cost for items purchased current project year. On items from previous years this should be the value from last year's ending inventory or depreciated value of 10% of purchase cost per project year.
5. Depreciation of 10% - This will be 10%, per project year, of the original purchase cost for the items you will still have at the end of the project. This includes items you had at the beginning of the project as well as items purchased during the current project year. Depreciation is the loss in value of your assets and is an expense.
6. Value at the end of the project - This is the value at the beginning of the project minus the depreciation.
7. Beginning Value - Value of existing animals at beginning of project OR purchase cost of new animals OR value of animal(s) born.
8. Value at End of Project - Your animals value should increase and is an estimated value.
